

Health and Safety Policy

- This document is based on the Hertfordshire County Council model health and safety policy.
- Under the Health and Safety at Work Act, it is the duty of an employer to have an up to date written statement of health and safety, this general policy must be complemented by a school policy statement.
- Adapting the model policy demonstrates compliance with the LA's Health and Safety Policy as well as with all statutory duties.

PART 1.

STATEMENT OF INTENT

The Governing Body of Greenside School will strive to achieve the highest standards of health, safety and welfare consistent with their responsibilities under the Health and Safety at Work etc Act 1974 and other statutory and common law duties. This statement sets out how these duties will be conducted and includes a description of the school's organisation and arrangements for dealing with different areas of risk. Details of how these areas of risk will be addressed are given in the arrangements section. This policy will be brought to the attention of, and/or issued to, all members of staff a reference copy is kept in the Head's office. The policy is published on the school's website. This policy statement and the accompanying organisation and arrangements will be reviewed annually. This policy statement supplements: Hertfordshire County Council's (HCC) Health and Safety at Work Policy.

PART 2.

ORGANISATION

As the employer the LA has overall responsibility for Health and Safety in Community and Voluntary Controlled Schools.

At a school level duties and responsibilities have been assigned to staff and governors as detailed below.

Responsibilities of the Governing Body

The Governing Body are responsible for ensuring health and safety management systems are in place and effective.

As a minimum these systems should adhere to the LA's health and safety policy, procedures and standards as detailed in the Education Health and Safety Manual. A Health & Safety Governor has been appointed to receive relevant information, monitor the implementation of policies and procedures and to feedback health and safety issues and identified actions to the Governing Body.

The school's health and safety governor is Anthea Clamp.

The Governing body will receive regular reports from the Headteacher or other nominated member of staff in order to enable them to provide and prioritise resources for health and safety issues. Where required the Governing body will seek specialist advice on health and safety which the establishment may not feel competent to deal with. The Education Health and Safety Team, Tel: 01992 556478 provide competent health and safety advice.

Responsibilities of the Headteacher

Overall responsibility for the day to day management of health and safety in accordance with the rests with the Headteacher. The Headteacher has responsibility for:

- Co-operating with the LA and Governing Body to enable health and safety policy and procedures to be implemented and complied with.
- Communicating the policy and other appropriate health and safety information to all relevant people including contractors.
- Ensuring effective arrangements are in place to pro-actively manage health and safety by conducting and reviewing inspections and risk assessments and implementing required actions.
- Reporting to the Governing body on health and safety performance and any safety concerns/ issues which may need to be addressed by the allocation of funds.
- Ensuring that the premises, plant and equipment are maintained in a safe and service able condition;
- Reporting to HCC any significant risks which cannot be rectified within the establishment's budget;
- Ensuring all staff are competent to carry out their roles and are provided with adequate information, instruction and training;
- Ensuring consultation arrangements are in place for staff and their trade union representatives (where appointed) and recognising the right of trade unions in the workplace to require a health and safety committee to be set up.
- Monitoring purchasing and contracting procedures to ensure health and safety is included in specifications & contract conditions.

Whilst overall responsibility for health and safety cannot be delegated. The Headteacher may choose to delegate certain tasks to other members of staff. At Greenside School Michael Levy is the Health and Safety co-ordinator. Health and safety issues must be raised immediately. It is the responsibility of Headteacher to ensure that urgent issues are acted upon immediately.

Responsibilities of other staff holding posts of special responsibility

The responsibility for the overseeing the swimming pool, plant room and co-ordinating first aid arrangements throughout the school has been delegated to the swimming pool manager who will:

- Apply the school's health and safety policy to their own area of work.
- Ensure staff under their control are aware of and follow relevant published health and safety guidance (from sources such as CLEAPSS, AfPE etc.)
- Ensure health and safety risk assessments are undertaken for the activities for which they are responsible and that identified control measures are implemented.
- Ensure that appropriate safe working procedures are brought to the attention of all staff under their control.
- Take appropriate action on health, safety and welfare issues referred to them, informing the head of any problems they are unable to resolve within the resources available to them.

- Carry out regular inspections of their areas of responsibility and report / record these inspections.
- Ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety.
- Ensure that all accidents (including near misses) occurring within their area of responsibility are promptly reported and investigated.

Responsibilities of employees

Under the Health and Safety at work Act etc 1974 all employees have general health and safety responsibilities. All employees are obliged to take care of their own health and safety whilst at work along with that of others who may be affected by their actions.

All employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- Comply with the school's health and safety policy and procedures at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Co-operate with school management on all matters relating to health and safety.
- Not to intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

Review of Policy

- Governors at Greenside ensure that they are kept informed of the County Council's advice and guidance on health and safety matters.
- Health and Safety is a regular item on the agenda of either a full meeting of the governing/senior management body as well as the Resources sub- committee of governors.
- The Health and Safety Policy is reviewed annually.
- The policy is communicated to all staff (teaching and support staff) and is linked to the induction of all new staff.
- The policy is published on the school's website.

PART3. ARRANGEMENTS

Detailed information on the LA's expectations are provided in the Education Health and Safety Manual. Appendix1 – Risk Assessments Appendix2 – Off site visits Appendix3 - Health and Safety Monitoring and Inspections Appendix4 –Fire Evacuation and other Emergency Arrangements Appendix5 –Fire Prevention, Testing of Equipment Appendix6 - First Aid and Medication Appendix7 - Accident Reporting Appendix8 - Training information Appendix9 – Personal safety/ lone Working Appendix10 - PremisesWorkEquipmentAppendix11 – Flammable and Hazardous Substances Appendix12 – Moving and Handling Appendix13 - Asbestos Appendix14 - Contractors Appendix15 - Height Appendix16 – Display Equipment Appendix17 - Vehicles

Appendix18 - Lettings Appendix19 - Minibuses Appendix20 - Stress Appendix21 - Legionella Appendix22 - Swimming pool Appendix23 – Wk Experience

APPENDIX1

General Risk Assessments

The school conducts and documents risk assessments for all activities presenting a significant risk. These are co-ordinated by Michael Levy following guidance contained in the Education Health and Safety Manual and are approved by the headteacher. Risk assessments are available for all staff to view and are held centrally in the Head teacher's office. Risk assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest. Staff will be made aware of any changes to risk assessments relating to their work.

Individual Risk Assessments

Specific assessments relating to staff member(s) or pupil(s) are held on that individual's file and will be undertaken by class teachers and checked by Heads of Department. Such risk assessments will be reviewed on a regular basis. It is the responsibility of all staff to inform their line manager of any medical conditions (including pregnancy) which may impact upon their work.

Curriculum Activities

Risk assessments for curriculum activities will be carried out by Subject leaders using the relevant codes of practice and model risk assessments detailed below. Whenever a new course is adopted or developed all activities are checked against these and significant findings incorporated into texts in daily use.

All LA schools have a subscription to CLEAPSS and their publications are used as sources of model risk assessment within science and DT.

- [BS 4163:2007 Health and Safety for Design and Technology in Schools and Similar Establishments- Code of Practice]
- [Safeguards in the school laboratory, 11th edition, ASE <http://www.ase.org.uk/>]
- [Topics in safety, 3rd Edition ASE]
- [National Society for Education in Art & Design (NSEAD) <http://www.nsead.org/hsg/index.aspx>]
- [Safe Practice in Physical Education and School Sport' Association of PE 'AfPE' <http://www.afpe.org.uk/>]
- [Make it safe (5th edition) NAAIDT]
- [Be Safe! Health and Safety in primary science and technology, 4th Edition ASE]
- [National Society for Education in Art & Design (NSEAD) <http://www.nsead.org/hsg/index.aspx>]
- [Safe Practice in Physical Education and School Sport' Association of PE 'afPE'<http://www.afpe.org.uk/>]

1 CLEAPSS Science and D&T publications CD Rom or via www.cleapss.org.uk

RISK ASSESSMENTS

APPENDIX 2

The LA has adopted the Outdoor Education Advisory Panel's national guidance for learning outside the classroom and offsite visits and all offsite visits will be planned

via <http://www.hertsdirect.org/services/edlearn/schlif/outside/>

off site visits/ The LA's Offsite Visits Advisor must be notified of all level 3 trips, which include self-led adventurous activities, fieldwork trips to open or "wild" country, and all trips overseas. This will be done via the use of Evolve, the online notification and approvals system. Evolve will be used for the planning and approval of all offsite visits. Relevant risk assessments, participant's names etc. will be attached electronically as required

The member of staff planning the trip will submit all relevant paperwork and risk assessments relating to the trip to the school's Educational Visits Co-ordinator(s) Paul Joiner who will check the documentation and planning of the trip and if acceptable initially approve the visit before referring to the Headteacher.

OFFSITE VISITS

APPENDIX 3

A general inspection of the site will be conducted termly and be undertaken / co-ordinated by The Headteacher. Monitoring inspections of individual departments will be carried out by Heads of Department or nominated staff. In both cases the person(s) undertaking inspection will complete a report in writing and submit this to the head teacher Responsibility for following up items detailed in the safety inspection report will rest with Dave Victor A named governor: Anthea Clamp will be involved / undertake an audit / inspection of the school's health and safety management systems on an annual basis and report back to both the relevant sub-committee and full governing body meetings.

Advice and pro forma inspection checklists can be found in the Education Health and Safety Manual.

Inspections will be conducted jointly with the establishment's health and safety representative(s) if possible.

HEALTH AND SAFETY MONITORING AND INSPECTION

APPENDIX 4

The head teacher is responsible for ensuring the school's fire risk assessment is undertaken and implemented following guidance contained in the Education Health and Safety Manual. The fire risk assessment is located in the school's fire log book and will be reviewed on an annual basis.

Emergency Procedures

Fire and emergency evacuation procedures are detailed in the staff handbook and visitors pack a summary posted in each classroom. These procedures will be reviewed at least annually and are made available to all staff as part of the school's induction process. Evacuation procedures are also made available to all contractors /visitors. All classes have class specific evacuation procedures. Emergency exits, fire alarm call points, assembly points etc are clearly identified by safety signs and notices. Emergency contact and key holder details are maintained by The Local Authority(LA) and updated to the LA via Solero.

FireDrills

- Fire drills will be undertaken termly and results recorded in the fire log book.

Fire Fighting

- Ensure the alarm is raised BEFORE attempting to tackle a fire.
- The safe evacuation of persons is an absolute priority. Staff may only attempt to deal with small fires, if it is safe to do so without putting themselves at risk, using portable firefighting equipment.

Details of service isolation points (i.e. gas, water, electricity) (see attached map)

Details of chemicals and flammable substances onsite.

An inventory of these will be kept by the swimming pool manager and caretaker

FIRE EVACUATION AND OTHER EMERGENCYARRANGEMENTS

APPENDIX 5

Mick Watts is responsible for ensuring that the school's fire log is kept up to date and that the following inspection / maintenance is undertaken and recorded in the fire log book located in the Head teacher's office.

FIRE ALARMSYSTEM

Fire alarm call points will be tested weekly in rotation. This test will occur each week. Any defects on the system will be reported immediately to the alarm contractor / electrical engineer Active Security (Tel: 01279420016) A fire alarm maintenance contract is in place with Lexicon and the system tested 6 monthly by them.

FIRE FIGHTINGEQUIPMENT

Weekly in-house checks that all firefighting equipment is available for use and operational and for any evidence of tampering. Morgan Fire + Protection undertakes an annual maintenance service of all firefighting equipment. Defective equipment or extinguishers that need recharging should be taken out of service and reported direct to Morgan Fire + Protection

EMERGENCY LIGHTINGSYSTEMS

These systems will be checked for operation monthly in house and annually a full discharge test and certification of the system will be undertaken by IWL

MEANS OF ESCAPE

Daily checks for any obstructions on exit routes and ensures all final exit doors are operational and available for use.

INSPECTION /MAINTENANCE OF EMERGENCYEQUIPMENT

APPENDIX 6

The school has assessed the need for first aid provision and identified the following staff to provide first aid (both on site and where required for trips/visits and extra-curricular activities)

TRAINED TO FIRST AID AT WORK LEVEL (18 hr):

- Rob Grundy
- Trisha Bird
- Michael Levy
- Hilary Davies
- Alex Tomkins
- Diane Paice

TRAINED TO EYFS STANDARD (PAEDIATRIC FIRST AID, 12hr):

- Joh Maher
- Michael Levy
- Matthew Donno
- Jo James
- Alex Tomkins
- Marisa Perez
- Ann-Marie Willinson
- Hilary Davies
- Sira Olabarria

First aid qualifications remain valid for 3 years. Michael Levy will ensure that refresher training is organised to maintain competence and that new persons are trained should first aiders leave.

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS:

Michael Levy is responsible for regularly checking (termly) that the contents of first aid boxes [including travel kits/ those in vehicles] are complete and replenished as necessary.

Transport to hospital: Where a first aider considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents/carers will be informed. No casualty will be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents cannot be contacted. Where there is any doubt about the appropriate course of action, the first aider will consult with the Health Service helpline (NHS Direct 0845 4647) and, in the case of pupil with the parents/carers.

Administration of medicines

All medication will be administered to pupils in accordance with the DfE document

"Managing Medicines in Schools and Early Years Settings" The school will, at the request of the parent / guardian and with the consent of the head teacher, administer medication prescribed by a medical practitioner.

No member of staff will administer any medication unless a request form has been completed by the parent /guardian.

FIRST AID AND MEDICATION

The school nurses are responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering. All non-emergency medication kept in school are securely stored [e.g. lockable cupboard in nurse's room, refrigerated meds kept in clearly labelled container within fridge in the medical room] with access strictly controlled.

Where children need to have immediate access to emergency medication i.e. asthma inhalers, epi-pen etc., it will be kept in the medical room and clearly labelled.

Health Care Plans

Parents / carers are responsible for providing the school with up to date information regarding their child's health care needs and providing appropriate medication. Access to Learning plans are in place for those pupils with significant medical needs e.g. chronic or ongoing medical conditions such as diabetes, epilepsy, anaphylaxis etc. These plans will be completed at the beginning of the school year / when child enrolls / on diagnosis being communicated to the school and will be reviewed annually by the class teacher. All staff are made aware of any relevant health care needs. Staff will receive appropriate training related to health conditions of pupils and The administration of medicines by a health professional as appropriate.

APPENDIX 7

Accidents to employees Where the LA is the employer then all employee accidents, no matter how minor, must be reported to them using the online accident reporting system hosted on Solero.

Accidents to pupils and other non-employees (members of public / visitors to site etc.)

A local accident book, located in the Headteacher's office, is used to record all minor incidents to non-employees, more significant incidents as detailed below must also reported to HCC using the online accident reporting system hosted on Solero.

- Major injuries.
- Accidents where significant first aid treatment has been provided.
- Accidents which result in the injured person being taken from the scene of the accident directly to hospital.
- Accidents arising from premises /equipment defects.

All major incidents will be reported to the headteacher and the Governing Body, Parents / carers will be notified immediately of all major injuries. Accidents will be monitored for trends and a report made to the Governing Body as necessary. The Headteacher, or their nominee, will investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment, systems of work etc. must be reported and attended to as soon as possible.

Reporting to the Health and Safety Executive (HSE)

Incidents involving a fatality or major injury will be reported immediately to the Health and Safety Executive (HSE) on 0845 300 9923 and the Education Health and Safety team on 01992556478.

Incidents resulting in the following outcomes must be reported to the HSE via their online reporting system <http://www.hse.gov.uk/riddor/> within 15 days of the incident occurring.

- A pupil or other non-employee being taken to hospital and the accident arising the accident arising as the result of the condition of the premises / equipment, due to the way equipment or substances were used or due to a lack of supervision /organisation, etc;
- Employee absence, as the result of a work related accident, for periods of 7 days or more (including W/E's and holidays).

Any incident notified to the HSE must also be reported to the Education Health and Safety Team.

ACCIDENT REPORTING PROCEDURES

APPENDIX 8

Consultation The resource committee meets termly to discuss health, safety and welfare issues affecting staff, pupils or visitors. Action points from meetings are brought forward for review by school management.

Communication of Information

Detailed information on how to comply with the LA's health and safety policy is given in the Education Health and Safety Manual, which is available for reference via the Grid. The Health and Safety Law poster is displayed in corridor next to the staff room and at The Greenside Studio. The Education Health and Safety Team, Tel: 01992 556478 provide competent health and safety advice for Community, Community Special and VC schools.

Health and Safety Training

All employees will be provided with:

- induction training in the requirements of this policy;
- update training in response to any significant change;
- training in specific skills needed for certain activities, (e.g. use of hazardous substances, work at height etc.)
- refresher training where required.

Training records will be kept in / by Sharon Lewis is responsible for co-ordinating health and safety training needs and for including details in the training and development plan. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits. The Headteacher will be responsible for assessing the effectiveness of training received.

Each member of staff is also responsible for drawing the Headteacher's / line manager's attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence.

HEALTH AND SAFETY INFORMATION & TRAINING

APPENDIX 9

The school believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff. Staff will report any such incidents to the headteacher. The school will work in partnership with the LA and police where inappropriate behaviour / individual conduct compromises the school's aims in providing an environment in which the pupils and staff feel safe.

Lone working

Staff are encouraged not to work alone in school. Work carried out unaccompanied or without immediate access to assistance should be risk assessed to determine if the activity is necessary. Work involving potentially significant risks (for example work at height) must not be undertaken whilst working alone. Staff working outside of normal school hours must obtain permission of the Headteacher. Where lone working cannot be avoided staff should ensure they have means to summon help in an emergency e.g. access to a telephone or mobile phone etc.

School staff responding to callouts

Nominated key holders attending empty premises where there has been an alarm activation should do so with a colleague if possible. They should not enter the premises unless they are sure it is safe to do so.

PERSONAL SAFETY / LONE WORKING

APPENDIX 10

Statutory inspections Regular inspection and testing of school equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept in/ by Abi Ajumobiin in the Technician's room. Mick Watts is responsible for identifying all plant and equipment in an equipment register and ensuring that any training or instruction needs, personal protective equipment requirements are identified and relevant risk assessments conducted where required. Equipment restricted to those users who are authorised / have received specific training is the plant room and boiler room. All staff are required to report to Michael Levy any problems found with plant/equipment. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair /disposal.

Curriculum Areas

Each subject leader is responsible for ensuring maintenance requirements for equipment in their areas are identified and implemented.

Electrical Safety

All staff will conduct a visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to Abi Ajumobiin. All portable items of electrical equipment will be subject to formal inspection and testing (Portable Appliance Testing (PAT)) on an identified cycle (dependant upon the type of equipment and the environment it is used in). All earthed equipment (class 1) and cables attached to such equipment will be tested annually. This inspection and testing will be conducted by Abi Ajumobiin. Abi Ajumobiin is responsible for keeping an up-to-date inventory of all relevant electrical appliances and for ensuring that all equipment is available for testing Personal items of equipment (electrical or mechanical) should not be brought into the school without prior authorisation and must be subjected to the same tests as school equipment. A fixed electrical installation test (fixed wire test) will be conducted by IWL.

External play equipment

External play equipment will only be used when appropriately supervised. This equipment will be checked daily before use for any apparent defects, and Mick Watts will conduct a formal termly inspection of the equipment.

PE and Play equipment is subject to an annual inspection by Universal Play

PREMISES AND WORKEQUIPMENT

APPENDIX 11

Every attempt will be made to avoid, or choose the least harmful of, substances which fall under the "Control of Substances Hazardous to Health Regulations 2002" (COSHH Regulations). Mick Watts and Michael Levy are responsible for COSHH and ensuring that an up to date inventory and model risk assessments contained in the relevant national publications are in place. (CLEAPSS, Association for Science Education's "Topics in Safety"

etc.) In all other areas the establishments nominated person(s) responsible for substances hazardous to health is Mick Watts. They shall ensure:

- an inventory of all hazardous substances used on site is compiled and regularly reviewed.
- material safety data sheets are obtained from the relevant supplier for all such materials.
- where required COSHH risk assessments are conducted and that these assessments are seen and understood by those staff that are exposed to the product/substance.
- all chemicals are appropriately and securely stored out of the reach of children.
- all chemicals are kept in their original packaging and labelled (no decanting into unmarked containers).
- suitable personal protective equipment (PPE) has been identified and available for use. PPE is to be provided free of charge where the need is identified as part of the risk assessment.

Where persons may be affected by their use on site, the Head is responsible for ensuring that COSHH assessments are available from contractors (this applies to both regular contracts such as cleaners and caterers and from builders, decorators, flooring specialists,etc).

FLAMMABLE AND HAZARDOUS SUBSTANCES

APPENDIX12

Generic risk assessments for regular manual handling operations are undertaken and staff provided with information on safe moving and handling techniques.

Staff should ensure they are not lifting heavy items and equipment unless they have received training and/or equipment in order to do so safely.

All manual handling activities which present a significant risk to the health and safety of staff, will be reported to Jacky Joiner and where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instruction given when carrying out the task.

Paediatric Moving and Handling

All staff who move and handle pupils have received appropriate training (both in general moving and handling people techniques and specific training on any lifting equipment, hoists, slings etc. they are required to use). All moving and handling of pupils has been risk assessed and recorded by a competent member of staff.

Equipment for moving and handling people is subject to inspection on a 6 monthly basis by a competent contractor.

LIFTING AND HANDLING

APPENDIX 13

An asbestos management plan in place for the school in accordance with HCC's asbestos policy. The school's asbestos log is held in / by school office and will be made available to all staff and contractors prior to any work commencing on the fabric of the building or fixed equipment. No work can commence until this log has been checked and permission to work

given by an asbestos authorising officer to confirm that those undertaking the work are fully aware of the location of all known asbestos. The School's Asbestos Authorising Officers are: Mick Watts; Mark Hay; Michael Levy and refresher training is provided 3 yearly. These authorising officers shall ensure:

- The asbestos management plan is maintained and that any changes are notified to the LA.
- That the asbestos log is consulted at the earliest possible opportunity in the planning process and that All work on the fabric of the building or fixed equipment is entered in the permission to work log and signed by those undertaking the work.
- A visual inspection of those asbestos containing materials remaining on site is conducted and recorded in the asbestos log. (minimum of annually)

Please note that even drilling a hole or pushing a drawing pin into asbestos containing materials may result in the release of fibres into the air.

Under no circumstances must staff drill or affix anything to walls without first obtaining approval from an Asbestos Authorising Officer.

Any damage to materials known or suspected to contain asbestos should be reported to Mick Watts who will contact HCC's asbestos team

ASBESTOS

APPENDIX 14

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice. All contractors must report to the reception where they will be asked to sign the visitors book and wear an identification badge. Contractors will be issued with guidance on fire procedures, local management arrangements and vehicle move men restrictions. Mick Watts is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and for keeping records of all contractor work.

School managed projects

Where the school undertakes projects direct the governing body are considered the 'client' and therefore have additional statutory obligations.

Such projects are managed by Dave Victor / Mick Watts who will ensure that landlords consent has been obtained and, where applicable, all statutory approvals, such as planning permission and building regulations have been sought. This would include whether CDM2 regulations will apply.

To ensure contractor competency the school uses a property framework contractor as a method of procuring works. Details can be found at <http://www.thegrid.org.uk/info/premises/property.shtml> These contractors have satisfied the County Council that they understand and abide by health and safety regulations. Contractors will be asked to provide risk assessments and method statements specific to the site and works to be undertaken. The school, contractor(s) and any subcontractor(s) involved will agree the risk assessment and safe systems of work to be used prior to works commencing on site.

CONTRACTORS

APPENDIX 15

Working at height can present a significant risk, where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees authorised to work at height. When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff must not climb onto chairs etc.

Only those persons who have been trained to use ladders safely may use them. Basic instruction is provided to all staff who use ladders / stepladders <http://www.hse.gov.uk/pubns/indg405.pdf>. Formal training on work at height, use of ladders, mobile tower scaffolds etc. will be provided where a significant risk is identified as part of an individual's role. The nominated person(s) shall ensure:

- all work at height is properly planned and organised;
- the use of access equipment is restricted to authorized users;
- all those involved in work at height are trained and competent to do so;
- the risks from working at height are assessed and appropriate equipment selected;
- a register of access equipment is maintained and all equipment is regularly inspected and maintained;
- any risks from fragile surfaces is properly controlled.

WORK AT HEIGHT

APPENDIX 16

All staff who use computers daily, as a significant part of their normal work (significant is taken to be continuous / near continuous spells of an hour at a time) e.g. admin staff, bursars etc. shall have a DSE assessment carried out by their line manager. Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician (and corrective glasses if required specifically for DSE use).

Advice on the use of DSE is available in the Education Health and Safety Manual

DISPLAY SCREEN EQUIPMENT (DSE)

APPENDIX 17

During the school day vehicular access to the school is restricted to school staff and visitors only and not for general use by parents / guardians when bringing children to school or collecting them.

Access to the school must be kept clear for emergency vehicles.

APPENDIX 18

LETTINGS / SHARED USE OF PREMISES

Lettings are managed by Emma Dellow following HCC guidance.

APPENDIX 19

VEHICLES ON SITE

Sharon Lewis maintains a list of nominated drivers who have received training in order to drive a minibus and conducts an annual check of their driving licence.³ All minibus drivers should hold a valid HCC minibus permit (valid for 5 years) Issued by the HCC Road Safety Unit.

Alex Tomkins is responsible for the undertaking regular checks on the vehicles and the schools operation of minibuses follows County Guidance.

2 CDM refers to the Construction (Design and Management) Regulations 2007 and apply to any building, demolition, maintenance or refurbishment work. Such projects are notifiable to the HSE where the work exceeds 30 days or involves more than 500 person days of work. In addition two specific and specialist roles of CDM Co-ordinator and principal contractor must be appointed.

In such instances it is recommended that an agent be used to work on the school's behalf.

MINIBUSES

APPENDIX 20

The school and governing body are committed to promoting high levels of health and well-being and recognise the importance of identifying and reducing workplace stressors through risk assessment, in line with the HSE and HCC's management standards.

Detail systems in place within the school for responding to individual concerns and monitoring staff workloads e.g. Performance Management, mentoring, staff able to speak to headteacher / senior management, membership of an Employee Assistance Programme.

3 All drivers must be over 21 and hold a full Category B (car) licence, non-employees must have held this for at least two years. Employees must have category D1 entitlement, those who obtained their car licence after 1 January 1997 must additionally obtain Category D or D1 by passing a medical and the Passenger Carrying Vehicle (PCV) theory and practical driving tests. This also applies to all drivers with pre-1997 licences if they intend to drive a mini bus abroad.

STRESS / WELLBEING

APPENDIX 21

The school complies with advice on the potential risks from legionella as identified in the Education Health and Safety Manual. A water risk assessment of the school has been completed by Mick Watts, Mark Hay and Dave Victor and Mick Watts is responsible for ensuring that the identified operational controls are being conducted and recorded in the school's water log book. This risk assessment should be reviewed where significant changes have occurred to the water system / Mick Watts is responsible for undertaking basic operational controls in lieu of a water risk assessment being conducted. Operational checks include:

- identifying and flushing rarely used outlets on a weekly basis and after school holiday periods.
- conducting necessary water temperature checks(monthly)
- disinfecting / descaling showers, or other areas where water droplets are formed(quarterly)
- water tanks being inspected for compliance and safety on an annual basis

LEGIONELLA

APPENDIX 22

The headteacher will ensure that the pool is managed in accordance with the LA's guidance Safe Practice in School Swimming. A risk assessment has been carried out by Michael Levy Normal Operating Procedures (NOP) and Emergency Action Plans (EAP) are available from Michael Levy and are available to all groups hiring the facility. Lettings agreements are managed by Michael Levy who will ensure that a lettings agreement has been completed, risk assessments for the activity have been completed by the hirer and returned to the school and that the hirer knows and understands the NOP and EAP. Pool plant operations and water testing is carried out by Mick Watts and who will ensure that the water quality meets the standards identified by the Pool Water Treatment Advisory Body (PWTAG).

[Michael Levy ensures that bacterial testing is carried out and, where necessary, carry out any remedial actions. All staff are to ensure that they are familiar with the NOP and EAP for the swimming pool, check that rescue equipment is available and that the swimming pool is secured to prevent unauthorised access when not supervised.

Michael Levy ensures adequate provision is made for lifesaving, first aid and resuscitation cover appropriate to the type of swimming sessions.

SWIMMING POOL

APPENDIX 23

The school has a separate work experience policy which is regularly reviewed and updated. Jill Smith is responsible for managing and co-ordinating work related learning within the school following guidance contained in the Education Health and Safety Manual. The school retains a duty of care for all students undertaking work experience and must ensure the placement is appropriate, therefore:

- All students are briefed before taking part in work experience on supervision arrangements and health and safety responsibilities.
- All placements (including private placements) are subject to pre-placement checks by a competent person(s)⁴/supplier(s)
- Jill Smith will assess the suitability of the placement and provide all relevant supporting documentation. No work experience placement will go ahead if deemed unsuitable.
- Where work placements form part of the vocational qualification offered by a FE college then the college is responsible for ensuring equivalent placement checks are conducted.
- Every student will receive a placement job description highlighting tasks to be undertaken and any necessary health and safety information which is passed onto the parent/carer.
- Arrangements will be in place to visit/monitor students during the placement.
- Emergency contact arrangements are in place (including out of school hours provision) in order that a member of school staff can be contacted should an incident occur.
- All incidents involving students on work placement activities will be reported to the placement organiser / Education H&S Team at the earliest possible opportunity.

⁴ In order to be deemed competent an individual should hold a suitable nationally accredited/recognised qualification(s). E.g. IOSH (The Institute of Occupational Safety and Health) Managing Safely qualification, Health and Safety for Work-placement Personnel

course or HSS8 (Formerly ENTO Unit D) Review Health and Safety Procedures in Workplaces. In addition to having occupational competence, knowledge and understanding in relation to sector specific placements. Particularly in high risk placements such as construction, agriculture, equestrian etc.
