

2Learn

2Learn is a partnership between Greenside School and North Hertfordshire College (NHC) providing further education opportunities for young people aged over 19 years who have profound and multiple learning difficulties (PMLD).

Learning in the heart of the community

A retail premises at The Hyde shopping centre, Stevenage, has been transformed into an inclusive educational resource, where staff from Greenside and NHC work together to deliver a highly personalised curriculum (see *2learn Curriculum pathway*).

Values

At 2Learn we believe

- Learning can happen at any time and in any place
- Learning should be should be relevant, creative and fun.
- The young person is at the heart of everything we do.
- We aim to enable a successful transition to a fulfilling adult life.

Learning Achieving Together

Organisation

- Each student enrolls at NHC.
- There is a service level agreement between Greenside and NHC.
- The outcomes of each student's Education Health Care Plan (EHCP) provide the basis for personal learning plans that reflect the student's interests, needs and aspirations.

Teachers, tutors, learning mentors and teaching assistants from both Greenside and NHC work collaboratively to deliver the 2Learn curriculum. Although based at the 2Learn resource, each student undertakes some learning activities at NHC, Greenside Studio, The HydeOut (both located at The Hyde), as well as in Greenside School's warm water swimming pool.

An accessible vehicle enables access to the wider community.

2Learn students work collaboratively with Greenside learners and also have opportunities to socialise with NHC students.

Assessment

The Routes for Learning and the Engagement for Learning framework provide the structure for assessment. The Evidence for Learning tool is used to record, share and celebrate progress and achievement through the use of photos and videos across all areas of learning.

Application

Places are funded by the Local Authority. Applications are supported through Youth Connexions Hertfordshire (YCHerts).
